Cadences and Jodies

Cadence calls are songs (usually delivered in an eight count movement) that the military sing when marching or running. The songs require a Caller, who normally sets the pace and leads the formation. The caller starts each line on his left foot. The formation then repeats the line, starting on the left foot. If everything goes well, the caller and the formation develop a sort of rapport. The effect can be mesmerizing. The way a unit sounds while running or marching tends to reflect on that unit's morale and leadership.

- Drill Sgt. Timothy P. Dunnigan, US Army

**Basics**

- Caller always start your line on the left foot
- Formation should do the same
- Cadences are used to keep everyone together
- Caller needs to stay in step with formation
- It actually does feel good when everyone is together
- Caller needs to stay in the rear third of the formation
- Everyone needs to be able to hear
- Concentrate on voice strength as well as enunciation
- Realize there are a hundred versions of each cadence
- Make your own variations, adapt a cadence to your particular formation
- Clap on left foot when not singing cadences

This is a guide of 42 popular running cadences and 39 popular marching cadences. Some of them are pretty lengthy, while others are very short. You are encouraged to learn a couple of these to share with the wing or your flight when the opportunity arises. This will probably be something you may want to take to field training. If not for you, for someone else to take and learn some to use during the four/five weeks. Regardless you may want to hold on to this for future use, or reference. As I mentioned earlier there are a hundred variations to each cadence, this is by no means the set way to do each one. If you know other variations, use them, or create your own. I hope this comes to some use, enjoy.

Grab your gear and follow me!

Take the safety off your gun,
Lets go have some combat fun.
Find some enemies, roamin' around,
Take your aim and mow 'em down.

Find some N.V.A.. and capture them all,
Line them up against the wall.
Cock your Colt and line up a shot,
Squeeze the trigger and kill the lot.

Dropped some whitewash in my eye

**C-130**

C-130 rolling down the strip,
Combat controllers on a one way trip.

Mission top secret, destination unknown,
Don’t even know if we’re comin’ home

Stand up, hook up, shuffle to the door,
Jump right out and count to four.

If my main don’t open wide,
I got a reserve by my side.

If that one should fail me too,
Look out ground, I’m a comin’ through.

A good pair of jump boots can’t be beat.

**Mr. PT**

Mister PT is playing my song,
Running fast and marching all day long.

Mister PT is playing my note,
Cut it short and you’ll get my vote.

Mister PT is singing my tune,
I want a hot shower, gonna hit it soon.

Mister PT is attempting to shine,
Marching all the way up the Rhine.

Mister PT is learning to rap,
Gonna dance Karlsruhe on the map.

Mister PT is trying to roll,
He’s even trying to run to Seoul.

Mister PT is making me see double,
We better quit before he’s in trouble.

**Flying**

Flying high, and flying low,
Watching the infantry on the go.

Flying in and flying out,
Hear the infantry scream and shout.

Flying up and flying down,
I’ll gig the enemy shooting up the ground.

Flying forward and flying back,
I’ll help the grunts in their attack.
Here We Go

Here we go,  
All the way,  
Every day,  
PT,  
Feeling good,  
Looking good,  
Ought to be,  
In Hollywood,  
Dress it right,  
Cover down,  
Forty inches,  
All around,  
You can do it,  
PT,  
One mile,  
No sweat,  
Two miles,  
Better yet,  
Here we go,  
All the way,  
Air Force,  
Hoorah,  
Air Power,  
All the Way,  
Air Force Way.

F-15

F-15 rolling down the strip,  
Air Force jockey on a one way trip.

Mission top secret, destination unknown,  
Don’t even know if he’s comin’ home.

Scorching the ground and the speed of sound,  
Droppin’ that napalm all around.

Rippin’ through the sky at mach 2.2  
Afterburner, I’m counting on you.

If that bogie screws with me,  
He’s gonna rejoin his infantry.
America counts upon our crew,
Friendly skies are the Air Force blue.

**Granny**

When my Granny was 91
She did PT just for fun.

When my Granny was 92
She did PT better than you.
Then when Granny was 93
She did PT just like me.

When my Granny was 94
She did PT more and more.

Then when Granny turned 95
She did PT just to stay alive.

When my Granny was 96
She did PT just for kicks.

When my Granny turned 97
She did PT on her way to heaven.

She met St. Peter at the pearly gates
Said St. Peter, St. Peter I hope I’m not late.

St. Peter said with a big ol’ grin
Get down Granny and knock out ten!

**F-15 (another version)**

F-15 rolling down the strip.
Eagle driver gonna take a little trip.
Rev it up, taxi down, count to four.
Push the throttle forward and hear the engines roar.
Thirty thousand feet and still climbing higher,
doin mach 2 with my hair on fire.
Took a look at my six and what did I see,
a MIG-29 comin’ after me.
Pulled it up and rolled it left to his surprise,
should have seen the look in that bogie's eyes.
I got tone and let my missile fly,
blew that 29 right out of the sky.
when you see and Eagle driver he will say, 
flyying and fighting is the Air Force way!

**Iraqi Blues**

Send the troops before it's too late, 
Saddam has invaded Kuwait 
Grab your rifle and get a tan 
You can scratch a rotation plan

President Bush was talkin' tough 
We didn’t know it would get that rough 
Thought Saddam was a man of reason 
Now we've got em' for rape and treason

America's become divided as such 
They don't like that war crap much 
Cussin' and a-picketing thats the scoop 
Throw rocks at me, but you support our troops?

People are starting to understand 
Saddam Hussein's one crazy man 
Gasses his people and tortures them too 
SADDAM THIS CLUSTER BOMBS FOR YOU!

Burning oil and acid rain, 
Scud missiles desert terrain 
Shipped my ass straight overseas, 
Who cut down the goddamn trees?

1-2-3 and 4 
Sometimes to get peace ya' gotta make some war. 
If we don’t nuke em' till they glow 
We'll die for more than Texaco.

Stormin' Norman made a plan 
Now we're gonna kill who's in command 
When we're through kickin' his ass 
We'll pay 25 cents for a gallon of gas

This is my story and it is true 
I call this song "The Iraqi Blues" 
Saddam act stupid and I wont refuse 
To put your ass on the 10 O’clock news!

Baby Seals

Way up north where the air is cold,
people up there aint got much gold,
the only way to earn a living is killing the baby seals.
One day while out on the tundra,
I saw a baby seal lying there,
I walked right up and kicked its head,
Left the head and took the tail.

Cadre Everywhere I Go

Everywhere I go
There's a Cadre standin there
Everywhere I go
There's a Cadre standin there
Why won't they lemme alone?
Why don't they ever go home?

When I'm eatin' my chow  
And I can't figure how  
Everywhere I go  
There's a Cadre standin there

When I'm Brushin' my teeth

When I'm Slidin' off to sleep

When I'm using the latrine  
(Substitute events, and say "Everywhere ..." refrain)

Double Time #2

Up in the morning at the break of day  
Working so hard we never play  
Running through the jungle where the sun don't shine  
All I do is double time

Up in the morning and out of the rack  
Grab my clothes and put them on my back  
Running cross the desert in the shifting sand  
Drill Sergeant, look, I'll give you a helping hand

Up in the morning with a whistle and a yell  
I know that voice and I know it well  
Drill Sergeant says you better hit the floor  
And don't be walking going out the door

I like women and I like wine  
But all I do is double time  
Double time here and double time there  
Man this life, it's the best anywhere

Fighter Pilot

Oh, there are no fighter pilots in the (organization)  
(Repeat)  
Cause they're .................  
Oh, there are no fighter pilots in the (organization)

(Everyone)  
Singing:
Glorious, Victorious, Hey!
One keg of beer for the four of us
Singing glory be to god that there are no more of us,
'Cause one of us could drink it all alone
Stand clear, pass the beer to the rear of the squadron.

Army
In their holes shining up their shoes and soles

Navy
On their boats playing with their sheeps and goats

Coast Guard
Rescuing planes that the Navy flew in vain.

Marines
Heads are ajar they can't even drive their car.

**FT**

Through the desert and across the plains
Steaming jungles and tropic rains
No mortal foe can stop me now
This is gonna be my solemn vow
I have honor annd I have pride
Winning serves me as my guide

This Air Force shocks our enemies
Brings them crashing to their knees
Field Training is plenty rough
To make it through you must be tough
Hey, Flight Commander, don't be blue
They're gonna make you a soldier, too

**I Got the Drive**

Here I am before the sun
Going on a ___ mile run

Stretchin', yawnin', comin' alive
I can do it, I got the drive

Starting out slow keeping the pace
Morning breeze is blowing in my face
Passing others watching me
Wonder what it is they see

Do they see my grief and pain
They must think I'm insane

Or do they see my will and pride
Ain't t no doubt I got the drive

Breath deep, sound off, let em know
We're on the move and rarin' to go

CTA smiling as we pass by
We're gonna show him we got the drive

Picking up the pace and heading out
For blocks around you can hear us shout

Come run with us if you 'd like to try
One things for sure we got the drive

If you want to keep pace with me
There 's one thing you've got to see

Drive 's important and will is too
Makes me best at what I do

**Jesse James**

Jesse James said before he died
There's five things that he wanted to ride
Bicycle, tricycle, automobile
An M-1 tank and a ferris wheel

Jesse James said in his final will
He had five things that he wanted to kill
A lion, a tiger, a kangaroo
A long haired hippie, and instructor too
And ifen he could kill just one
He'd kill the instructor, let the hippie run

**Mighty Air Force**

Mighty, Mighty Air Force
Mighty, mighty Air Force! (or Lotta lotta Air Force)
King of the skies come fly with me
Nothin' in this world is free
(We're) Fighting for liberty

See the soldier on the hill
He's the one that I must kill
He looks to the sky and wonders why
For freedom's cause he must die

See the soldier dressed in black
That's my bayonet in his back
He looks to the sky and wonders why
For freedom's cause he must die

See the soldier dressed in red
That's my bullet in his head
He looks to the sky and wonders why
For freedom's cause he must die

Old Lady

Saw an old lady walking down the street
She had a pack on her back and boots on her feet
I said "Hey lady where you going to?"
She said "U.S. Army Ranger School"
I said "Hey lady, haven't you been told?
Ranger School's for the young and the bold!"
She said "Hey sonny don't be a fool
I'm and instructor at the Ranger School"

Saw the same lady walking down the street
She had a chute on her back, jump boots on her feet
I said "Hey lady where you going to?"
She said "U.S. Army Airborne School"
I said "Hey lady, you're too darn old
You oughta leave the jumpin' to the young and the bold"
She said "Hey sonny can't you see?
I've got master jump wings on my CIB"

Same old lady walking down the street
She had a tank on her back and fins on her feet
I said "Hey lady, where you going to?"
She said "U.S. Army Scuba School"
I said "Hey lady, haven't you been told?
You better leave Scuba School to the young and the bold"
She said "Hey sonny can't you see?  
I taught recon, UDT"

**PT Pill**

Old John Wayne was a friend of mine  
We did PT all the time

Push-up, sit-up, two mile run  
We didn't stop till all was done

John Wayne loved his vitamin P  
He taught me that it's good for me

On day one I was puny and weak  
John Wayne started with the bend and reach

On day two it was doing me good  
I kept my faith like he knew I would

On day three I was tall and proud  
I felt so good I led the crowd

PT is good for you and me  
We 'll never OD on vitamin P

We do PT the John Wayne way  
We do PT every day

I like PT that's no lie  
I'll do PT till I die

PT keeps me fit and strong  
With vitamin P, PT!!!

**Soldier**

I don't know but I think I might  
Jump from an airplane while in flight

Soldier, soldier, have you heard  
I'm gonna jump from a big iron bird

Up in the morning in the drizzlin' rain
Packed my chute and boarded the plane

C-130 rollin' down the strip
64 Rangers on a one-way trip

Mission Top Secret, destination unknown
They don't know if their ever coming home

When my plane gets up so high
Airborne troopers gonna dance in the sky

Stand up, hook up, shuffle to the door
Jump right out and count to four

If my main don't open wide
I got a reserve by my side

If that one should fail me too
Look out ground, I'm a-coming through

If I die on the old drop zone
Box me up and ship me home

Bury speakers all around my head
So I can rock with the Grateful Dead

Bury speakers all around my toes
So I can rock with Axel Rose

If I die on a Chinese hill
Take my watch or the commies will

If I die in the Korean mud
Bury me with a case of Bud

Put my wings upon my chest
And tell my Mom I did my best

**Superman**

Me and Superman got in a fight
I hit him in the head with some Kryptonite
I hit him so hard I busted his brain
And now I'm dating Lois Lane
Well, me and Batman, we had one, too
I hit him in the head with my left shoe
Right in the temple with my left heel
And now I'm driving the Batmobile

**They Say that in the Air Force**

They say that in the Air Force, the chicken's mighty fine
One jumped off the table and started marking time

Refrain:
Oh, Lord I wanna go
But they won't let me go (group ends this line with home, stretched out
over 8 paces, and a "Hey" on the right foot to
end the refrain)

They say that in the Air Force, the pay is mighty fine
They give you a hundred dollars and take back ninety-nine

They say that in the Air Force, the coffee's mighty fine
It looks like muddy water, and tastes like turpentine

They say that in the Air Force, the biscuits are mighty fine
One rolled off the table and killed a friend of mine

They say that in the Air Force, the meat is mighty fine
Last night we had ten puppies, this morning only nine

They say that in the Air Force, the shoes are mighty fine
You ask for size eleven, they give you size nine

They say that in the Air Force, the pancakes are mighty fine
You can try to chew them, but you're only wasting time

They say that in the Air Force, the bed's are mighty fine
But how the heck would I know, I've never slept in mine

They say that in the Air Force, the mail is so great
Today I got a letter dated 1948

They say that in the Air Force, the hours are just right
Start early in the morning and work on through the night

They say that in the Air Force, the buses are mighty fine
One went round the corner, and left three wheels behind
They say that in the Air Force, the coffee's mighty fine
It's good for cuts and bruises and tastes like iodine

They say that in the Air Force, the toilets are mighty fine
You flush them up at seven, they come back up at nine.

They say that in the Air Force, the tents are waterproof
You wake up in the morning and you're floating on the roof.

**Tiny Bubbles**

Tiny bubbles,
in my wine,
makes me feel happy,
makes me feel fine.

Tiny bubbles,
in my beer,
makes me feel happy,
and full of cheer.

Tiny bubbles,
in my keg,
makes me wonder,
why I can't feel my legs,

Tiny bubbles,
in my water,
makes me run faster,
but makes me feel hotter.

**A Yellow Bird**

A yellow bird,
with a yellow bill.
He landed on
My window sill.
I coaxed him in.
With a piece of bread,
and then I smashed his
Little head! (Stomp your falling foot in unison)

I called the doctor.
The doctor said.
My dear good man.
This bird is dead.

**A Tiny Mouse**

A tiny mouse,
With tiny feet,
Was lying on,
My toilet seat.
I pushed it in,
And I flushed it down.
The little mouse,
Went round and round.

**Looking Good**

Standing tall and looking good,
We ought to be in Hollywood.

Dress it right and cover down,
Forty inches all around.

Nine in the front and six to the rear,
That’s the way we do it here.

Hold your head and hold it high,
______ Flight is marching by.

**Steam Roller**

I'm a steam roller baby,
ever gonna roll over you,
but ya better get out of my way now, before I roll over you,
with a little huh, a little huh, a little rock & roll,
I’m gonna rock your soul,
with a little rock & roll,
I’m gonna rock your soul,
with a little rock & roll

repeat with (street sweeper) (never gonna sweep you around)

repeat with (jack hammer) (never gonna jack you up)

Somewhere there’s a woman
She’s crying for her man
He’s an Air Force pilot
He does the best he can

**Refrain**

Don’t cry for me
I don’t need your sympathy
‘Cause I’m an Air Force pilot
And that’s all I want to be

Somewhere there’s a mother
She’s praying for her son
He’s an Air Force pilot
And his work is never done

Somewhere there’s a father
His head is bowed in grief
His son was an Air Force pilot
And he died for his beliefs

Somewhere there’s a mother
Flag folded in her hands
Her son was an Air Force pilot
And he died for his land

**What The Air Force's Done To Me**  

Chorus:  
Whoa, whoa, whoa, whoa  
Whoa, whoa, I gotta go  
Whoa, whoa, whoa, whoa  
Whoa, whoa, I gotta go  

Momma, momma, can't you see  
what the Air Force's done to me  
Momma, momma, can't you see  
what the Air Force's done to me  

Chorus  

They took away my faded jeans  
Now I'm wearing Air Force greens  

Used to drive a Cadillac  
Now I hump it on my back  

Used to date a beauty queen  
Now I hug my M-16  

Used to drive a Chevrolet  
Now I'm walking all the way  

**Air Force Pilot**  

Chorus:  
Sound off (one, two)  
Sound off (three, four)  
Bring it on down now (1, 2, 3, 4, U.S. Air Force)  

I wanna be an Air Force pilot  
I wanna fly that F-16
I wanna fly with the canopy open
Just to hear them commies scream
Chorus

I wanna be an Air Force pilot
I wanna fly that big C-5
I want a plane that looks like a whale
Swimming around with tanks inside
Chorus

I wanna be an Air Force pilot
I wanna shoot at Russian tanks
I wanna fly the mean A-10
And make all them dumb grunts say thanks
Chorus

**Aircraft**

F-15 rolling down the strip
Air Force pilots going to take a little trip
Heads up, real alert, looking all around
Now he spots a MIG, so he shoots it down

Chorus:
Low righty left, left righty left, low righty left
Your left your right, your left

F-16 flying in the air
Got a MIG on his tail, but he don't care
Light the burner, pull the stick, turn it right around
Now the tables turned and he shoots the commie down

A-10 aircraft on the hunt
Now he spots a tank, so be blows it up
If that tank just won't die
There's another A-10 right by his side

F-111 all loaded with bombs
It flies at night, down near the ground
One pass is usually what it takes
Now the missions done, so it's back to base

Wild Weasel aircraft on the prowl
Spots a SAM, so they take it down
Fires a strike and he pulls away
Kills the SAM, and it's dead to stay

**Blue**

Had an old dog whose name was Blue
Blue wants to go to Scuba School
Bought him a tank and four little fins
And took him down where he got the bends

Same old dog whose name was Blue
Blue wants to go to Ranger School
Took him to the field, took away his chow
Put a little motivation in his bow-wow

Still got the dog whose name was Blue
Blue wants to go to Airborne School
Got him a chute, strapped it to his back
Now old Blue stands tall, looks strac

That Airborne dog whose name was Blue
Got his orders for Jungle School
Took him on down to Panama
And that's the last of Blue I ever saw

**Boots**

These boots were made for walkin'
And that's just what they'll do
If all you're doing is markin' time
They'll walk all over you

These guns were made for shootin'
And that's just what they'll do
And if we get a mission
We'll drill a hole in you

This Army's trained for fightin'
And that's just what we'll do
If you pick a fight with us
We'll walk all over you

**Camp**

Refrain:
Are we right or wrong (we 're right)
Are we going strong (we're strong)  
Sound off (1,2), sound off (3,4)  
Bring it on down now (1,2,3,4 U.S. Air Force)

Cadet, cadet don't feel blue  
___ more weeks and you'll be thru  
When you get there you will know  
Air Force is the way to go

Lift your head and hold it high  
___ flight is passing by  
Lift your head and hold it proud  
We're running hard and yelling loud

Look up, look up in the sky  
F-15 goes flying by  
Join the Air Force to wear the blue  
So I can fly an Eagle too

**Camp Blues**

Chorus:  
Heidi Heidi Ho  
Heidi Heidi Hey  
Heidi Heidi Ho  
Heidi Heidi Hey

I used to drive a Chevrolet  
Now I'm marching all the way  
Used to drive a Chevrolet  
Now I'm Marching all the way  
Chorus

I used to date a beauty queen  
Now I fly an F-16  
Used to date a beauty queen  
Now I fly an F-16  
Chorus

**Coon Skin**

Coon skin and alligator hide  
Make a pair of jump boots just the right size  
Shine 'em up, lace 'em up, put 'em on your feet  
A good pair of jump boots can't be beat
Birdie, birdie in the sky  
Dropped some whitewash in my eye  
Ain't no sissy, I won't cry  
I'm just glad that cows don't fly  

D.A. Man  
Remember my name if you can  
I'm the one they call D.A. man  
D.A. man I'm number one  
I fix the files but I sure can't run  
If you're in need come to me  
I even fix coffee but it ain't free  
D.A. man D.A. man hear my song  
I've been chairborne much too long  
Used to train and knew how to fight  
Then top found out I read and write  
Since that time I'm sitting all day  
Writin' and typin' to earn my pay  
If my girlfriend asks about my death  
Tell her I was bored with my last breath  

F-4 Pilot  
My daddy was a pilot  
He was a good one, too  
He flew the F-4 Phantom  
He flew for me and you  
F - 4 (shoot, shoot, shoot, shoot, shoot to kill)  
P I L O T (shoot, shoot, shoot, shoot, shoot to kill)  
He flew in South East Asia  
He fought the Viet Cong  
They said he never faltered  
My daddy was so strong
F - 4 (shoot, shoot, shoot, shoot, shoot to kill)
P I L O T (shoot, shoot, shoot, shoot, shoot to kill)

He climbed into the cockpit
And closed the canopy
He fired up the engine
And waved goodbye to me

F - 4 (shoot, shoot, shoot, shoot, shoot to kill)
P I L O T (shoot, shoot, shoot, shoot, shoot to kill)

He came in low and screaming
He came in hard and fast
He took a direct SAM hit
His F-4 didn't last

F - 4 (shoot, shoot, shoot, shoot, shoot to kill)
P I L O T (shoot, shoot, shoot, shoot, shoot to kill)

My daddy's dead and gone now
He's just a memory
He is the prime example
Of what a man should be

**Far, Far Away**

Around her hair she wore a yellow ribbon
She wore it in the springtime, in the merry month of May
And if you asked her why the heck she wore it
She wore it for that cadet who was far, far away

Refrain:
Far away!
Far away!
She wore it for that soldier who was far, far away.

Around the block she pushed a baby carriage...
Around her thigh she wore a yellow garter...
Behind the door her daddy kept his shotgun...
In the church the preacher kept a license...

**Flinstones**
Pebbles and Bam-Bam on a Friday night
Trying to get to heaven on a paper kite
Lightning struck (BOOM) and down they fell (AHHH)
Instead of getting to heaven, they went straight to hell

Dino the dog (RUFFFFFFFF) was on the bone (CHOMP CHOMP)
While Fred and Barney rocked the microphone
There was nothing that Fred or Barney could do
'cept sing "Yabba daba daba daba daba daba daba daba daba daba do!"

**The Four Winds**

My recruiter said to me
Boy, whatcha want to be?
I want a team that's tried and true
I want to wear the Air Force blue

Chorus:
So let em blow, let em blow
Let the four winds blow
From the east to the west
Air Force is the best

The air was cold, the ground was wet
They put us on a silver jet
And when the jet hit the ground
Air Force was all around
Chorus

And then we fought with all our might
We fought for all we thought was right
Mother, country, family
We fought for our democracy
Chorus

And in the middle of the fight
I looked over to my right
And there laying on the ground
My buddy fell without a sound
Chorus

When all is said and all is done
Air Force is number one
And then the general bowed his head
For all the wounded and the dead
Chorus

**Here We Go Again**

Here we go again
Same old stuff again
Marching down the avenue
Few more days and we'll be through
I won't have to look at you
So, I'll be glad and so will you

**Isn't It Fine**

Oh isn't it fine
When you step on a mine
Leaving two bloody stumps
Where a whole man was once
Dragging his body back ho-ome.

Oh isn't it fun
With a shotgun
Blowing a man in half
Doing it while you laugh
Dragging his body back ho-ome.

**Jody**

Jody Jody look and see
Look what the Air Force done to me
Tried to give me Navy blues
But I don't need those tattoos
Tried to give me Army greens
But I don't need that Army scene
Tried to make me a marine
If I were that I think I'd scream
Issued me Air Force blues
Now I'm Air Force through and through

**Johnny**

Chorus:
Lordy lordy lordy left right left
Lordy lordy lordy keep it in step
Mama told Johnny not to go downtown
The Air Force recruiter is hanging around
Johnny went downtown anyway
To see what recruiter had to say
Recruiter asked Johnny what he wanted to do
Johnny said wear the Air Force blue
Recruiter asked Johnny what he wanted to be
Johnny said fly the F-16s
Chorus

Jody asked Johnny what he wanted him to do
Johnny said to look after Sue
Next thing you know Johnny 's on a bus
Countin' cadence, don't bends and thrusts
Johnny' s headed to the promise land
Johnny's headed to Vietnam
Chorus

Johnny got a letter that drove him crazy
Suzie 's pregnant with Jody's baby
Johnny went out on a night patrol
Lightning crackling and a thundering roll
Johnny jumped on a hand grenade
With this jump twelve lives he saved
Chorus

Mama mama now don't you cry
Johnny died for you and I
Mama mama now don't you see
Johnny died for democracy
Chorus

**Killer Pilot**

If I was a pilot with my wings
I wouldn't be bothered by many things
I'd fly my killing craft up high
They'll think I'm in control of the sky

If a commie and I should meet today
I would blow that sucker right out of the way
Everyone should realize - they should know
An Air Force Pilot' s always ready to go
I'm living to fly way up in the air
The enemy know I'll take his dare
Jets flying low or flying high
It'll be doing it till the day I die

**A Letter From My Recruiter**

I was sitting at home watching TV
Drinking beer at a quarter to three
Up walked the postman and dropped the bomb
He handed me my letter from the Pentagon

My knees got shaky; I began to sweat
I knew they hadn't started the draft up yet
I opened up the letter and what did I see?
A whole lot of big words I couldn't read

This Air Force is supposed to be good for me
And so I went downtown to see
The Air Force recruiter said "Don't despair"
Opportunity unlimited and treatment is fair

Pay is good, advancement is great
Get out of bed early, go to bed late
I mean what I say and say what I mean
Air Force life is the best I've seen

**The Meanest thing I Ever Saw**

The meanest thing I ever saw
Came marchin' down the Admin Hall
It must have weighed 500 hundred pounds
Knuckles dragging on the ground

I looked at him, he looked at me
Played it safe, I climbed a tree
And now I sit here in this tree
An MTI (CTA, FTO) has captured me

**My Girl**

My girl is a vegetable
She lives in a hospital
And I'd do most anything
To keep her alive
She's got her own TV  
It's called an EKG.  
But I'd do most anything  
To keep her alive 

My girl ain't go no eyes  
Just two holes and lots of flies  
But I'd do most anything  
To keep her alive 

My girl ain't got no nose  
Just a piece of rubber hose  
But I'd do most anything  
To keep her alive 

My girl ain't got no hands  
Just a pair of teflon pans  
But I'd do most anything  
To keep her alive 

My girl ain't got no legs  
Just some string and wooden pegs  
But I'd do most anything  
To keep her alive 

My girl ain't got no skin  
Just a bag to keep her in  
But I'd do most anything  
To keep her alive 

**Para Rescue**

Born on a mountain top raised by a bear  
I got two sets of teeth and a full coat of hair 

When you see me coming you better hide  
Cause I'll hunt you down and eat you alive 

Para rescue combat control  
We're like that bear down to the soul 

We're rough and tough and feeling mean  
We'll slit your throat and wipe it clean
We'll spit on your grave and laugh out loud
Put a smile on our face and feel real proud

Dealing death isn't all we do
We're trained to save a few lives too

Ready To Fly

Check out my helmet I'm good to go
I get so bored going so slow
Check out my earphones, they work fine
For hearing messages on our private line
Check out my visor, it works at night
Helps me to see without a light
Check out my A-10, just waiting to fly
Anxious to take off, prepared to die

Shoot To Kill

I hear the choppers coming
They're flying overhead
They've come to get the wounded
Forget about the dead

Refrain:
Air Force(shoot, shoot, shoot, shoot to kill)
Pilot (shoot, shoot, shoot, shoot to kill) *

My buddy's in a foxhole
A bullet in his head
The medic says he's living
But I know that he's dead

I ran to tell the C-O
About my buddy's head
But when I got there
The C-O was dead

And now the battle's over
The smoke is all around
We wanted to go home
But we're six feet underground

Sinner Wonderland
(To tune of winter wonderland)
In the fields, there's a lady
And she's carrying a baby
Lock and load one round, the baby hits the ground,
walkin in a sniper's wonderland.

In the field, there's a commie
And he's cryin for his mommy,
Lock and load one round, the commie hits the ground,
walkin in a sniper's wonderland.

In the fields, there's a korean
And he's standin there a peeing,
Lock and load one round, this eunich hits the ground,
walking in a sniper's wonderland.

In the fields there's a cadre,
And he's yelling at me all day,
Lock and load one round, this cadre hits the ground,
walking in a sniper's wonderland.

Surfer Dude

And I'll be an Air Force Officer
I'll miss the ocean and the sand  
But I'll be an American Fighting Man  

Whoa Hoa I'm glad I came  
My life will never be the same  
Honor, pride, dignity  
Now they mean much more to me  

**We Are the Air Force**  

Refrain: Sound off (1,2), sound off (3,4)  
Bring it on down now (1,2,3,4 US AIR FORCE)  

In the snow, the sleet, the rain  
We train, we train, we train  

The first to fight, the last to run  
We are the Air Force, we're number 1  

We'll win the battle, we'll win the war  
We love this country we're fighting for  

We fly our planes both day and night  
If things get ugly we'll show our might  

**Yellow Ribbon**  

Around her hair she wore a yellow ribbon  
She wore it in the spring time, in the early month of May  
And if you asked her why the heck she wore it  
She'd say she wore it for her soldier who was far, far away  

Far away  
Far away  
She wore it for her soldier who was far, far away  

. . .Around the block she pushed a baby carriage  
. . .Around his grave she laid the pretty flowers
