They put him on the mantelpiece for everyone to see
And he aint gonna jump no more

(Chorus)

Rifleranger

I wanna be a rifle ranger
Living a life of sex and danger
I knew a girl she was the best
Many a time I'd sucked her breasts
Fucked hr standing
Fucked her lying
If she'd had wings I'd fucked her flying
Now she's dead, but not forgotten
Dig her up and fuck her rotten

Said the fair young maiden

Open the door you fucking great whore
SAID BARNACLE BILL THE SAILOR

Sod the mat you can't fuck that
SAID BARNACLE BILL THE SAILOR

What if I should get the rope (x2)
SAID THE FAIR YOUNG MAIDEN

Then piss on the knot and make it rot
SAID BARNACLE BILL THE SAILOR

What if you should get the noose (x2)
SAID THE FAIR YOUNG MAIDEN

I'll come on the noose to make it loose
SAID BARNACLE BILL THE SAILOR

What if we should go to hell (x2)
SAID THE FAIR YOUNG MAIDEN

SAID BARNACLE BILL THE SAILOR

Dinah, Dinah

Dinah, Dinah show us your legs, show us your legs
Dinah, Dinah show us your legs, a yard above the knee (chorus)

A rich girl wears a brassiere
A poor girl one of string
But Dinah's got such great big tits
She lets the bastards swing

(Chorus)

A rich girl wears rings of gold
A poor girl rings of brass
The only ring that Dinah's got
Is the one around her arse

(Chorus)

A rich girl uses vaseline
A poor girl uses lard
Dinah uses axle grease
To keep the bastards hard

(Chorus)

A rich girl rides a limousine
A poor girl rides a truck
The only ride that Dinah gets
Is when she has a fuck

(Chorus)

A rich girl wears a sanitary towel
A poor girl wears a sheet
Dinah uses nothing at all
And leaves a trail along the street

(Chorus)

What do you do when you leave the army

What do you do when you leave the army (x3)

Down In The Valley

First time I met her, I met her in white
All in white, all in white
She looked a fucking sight
Down in the valley, where nobody goes

Next time I met her, I met her in pink
All in pink, all in pink
She made my finger stink
Down in the valley, where nobody goes

Next time I met her, I met her in black
All in black, all in black
I shoved it up her crack
Down in the valley, where nobody goes

Next time I met her, I met her in green
All in green, all in green
I filled her up with cream
Down in the valley, where nobody goes

Next time I met her, I met her in blue
All in blue, all in blue
She said the baby's due
Down in the valley, where nobody goes

Next time I met her, I met her in red
All in red, all in red
She said the baby's dead
Down in the valley, where nobody goes

Next time I met her, I met her in yellow
All in yellow, all in yellow
She's got another fellow
Down in the valley, where nobody goes

Last time I met her, I met her in check
All in check, all in check
I rang her fucking neck
Down in the valley, where nobody goes

PK YOUR HERE

Para Para

Para Para in the sky
Now we know that shit can fly
Para Para landed in a tree
Was the meanest muthafucker you ever did see
Chased a little girl up a coconut tree
Para leave that pussy be
Running through the jungle - Cock in hand
Singing hey muthafucker I'm the king of this land
Lined 200 horses up against the wall
2 pound bet that he'd fuck them all
At 198 his balls turned blue
So he backed off, slacked off, and fucked the other two
When he died he went straight down to hell
Met the devils wife and fucked her as well
On his gravestone, written in green
Here lies the meanest muthafucking fighting machine

Sound off
One, two
Three, four
One, two – three, four

The Engineer

An engineer told me before he died
A hum titty bum, A hum titty bum (chorus)
An engineer told me before he died
And I've no reason to believe he lied

Chorus

That he had a wife with a cunt so wide
Chorus
That he had a wife with a cunt so wide
She could never be satisfied

Chorus

So he built a bloody great wheel
Chorus
So he built a bloody great wheel
Two brass balls and a prick of steel

Chorus

The two brass balls he filled with cream
Chorus
The two brass balls he filled with cream
And the whole fucking issue was driven by steam

Chorus

He laid his wife upon the bed
Chorus
He laid his wife upon the bed
And tied her legs behind her head

Chorus

He put the machine in a place to fuck
Chorus
He put the machine in a place to fuck
Switched it on and wished her luck

Chorus

Round and round went the bloody great wheel
Chorus
Round and round went the bloody great wheel
In and out went the prick of steel

Chorus

Up and up went the level of steam
Chorus
Up and up went the level of steam
Down and down went the level of cream

Chorus

Till at last the maiden cried
Chorus
Till at last the maiden cried
Enough, enough I'm satisfied

Chorus

Now we come to the very sad bit
Chorus
Now we come to the very sad bit
There was no way of stopping it

Chorus

She was slit from clit to tit
Chorus
She was slit from clit to tit
And the whole fucking issue was covered in shit

Chorus

The moral of the story is
Chorus
The moral of the story is
Always fit a safety switch

Chorus

Three German Officers

Three German officers crossed the line
Parlez-Vous
Three German officers crossed the line
Parlez-Vous
They fucked the women and drank the wine
Inky pinky Parlez-Vous

They came across a wayside inn (as above)
Shat on the mat and walked right in

Oh landlord have you a daughter fair
Lily white tits and long blonde hair

They dragged her up the rickety stairs
And shagged her through her pubic hairs

And then they got her on the bed
Shagged her till her cheeks were red

They took her to the garden shed
Shagged till she was nearly dead

They took her down a leafy lane
Shagged her back to life again

They shagged her up, they shagged her down
They shagged her right around the town

They shagged her in, they shagged her out
They shagged her up her waterspout

Seven months went and all was well
Eight months went and she started to swell

Nine months went and she gave a grunt, UGH
A little white bugger popped out of her cunt

The little white bugger he grew and grew
He shagged his mother and sister too

The little white bugger, he went to hell
He shagged the devil and his wife as well

Roll me over

This is number one and the fun has just begun
Roll me over lay me down and do it again
Roll me over, in the clover
Roll me over lay me down and do it again

This is number two and my hand is on her shoe (as above)

This is number three and my hand is on her knee

This is number four and we're rolling on the floor

This is number five and the bee is in the hive

This is number six and she likes my box of trick

This is number seven and she's feeling she's in heaven

This is number eight and she's really in a state

This is number nine and I caught it just in time

This is number ten and we're at it once again

This is number twenty and she begs me give her plenty

This is number thirty and she said that that was dirty

This is thirty two and I'll leave the rest to you...

For coming in the brandy
