

The Iron Boat

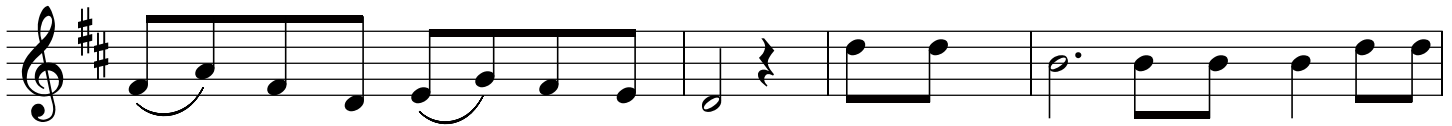

Oh, the dwarves came out of Deska deps to build an iron boat While oth

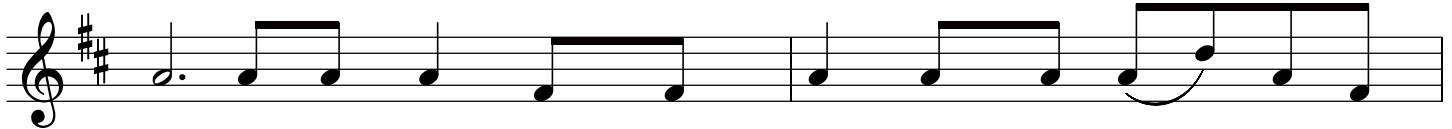

ers scoffed and scorned and said it would not float; With their

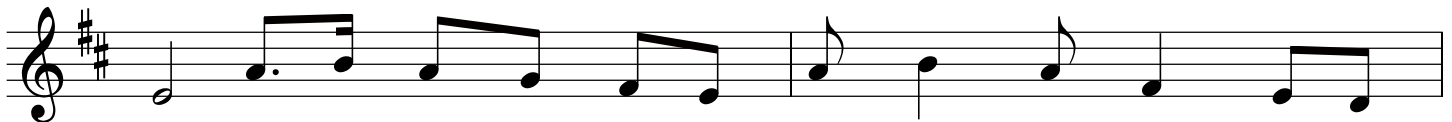

hammers shaped the steel, forged the tiller, forged the wheel, It was

sad when that great ship went down. It was sad (it was sad), it was

sad (it was sad), It was sad when that great ship went

down; (to the bottom of the), Many a good dwarf died, had to

kiss his axe good bye, It was sad when that great ship went down.
